Nitrile - White FDA

White Buna-N (Nitrile) rubber is formulated with FDA-approved ingredients. It is non-toxic, non-marking and non-allergenic. It exhibits good abrasion resistance and handles oily and greasy food products well. All materials are made with FDA approved ingredients per 21 CFR 177.2600 and are intended for repeated food exposure.

Nitrile - White FDA		Physical Properties
Color		White
Durometer Shore A		60
Service Temperature		-30 to 220 ° F
Tensile Strength		1050 psi
Ultimate Elongation		450 %
Density		94.4 lb/ft3
