Cork Composition

Natural Cork (Composition) is a very economical, all-purpose gasket material, which is composed of a 10/20 grind composition cork.

Cork Composition	Physical Properties
Density ASTM D3676	13.7 lbs/ft ³
Tensile Strength Minimum (ASTM F152)	75 psi
Compression at 100 psi (ASTM F36)	30 to 50 %
Recovery Minimum (ASTM F36)	80 %
Flexibility ASTM F147	5
ASTM Callout	ASTM F104-88
